## At Random

Johnny says the crowd in town for deer hunting was much larger than ever before.

Spike says it was 30% smaller.

Mac says it was about the same as other years.

Well, we'll be darned.

Seemed bigger to us.

Jerry LaMotte says "pussy willows are budding."

Henry Hayes says he saw a live snake Sunday.

Mac's dam won't be built.

He decided the river people didn't want it so voluntarily abandoned the plan.

We understand he had already spent about \$5,000 on the project.

Mr. McDonald deserves a lot of credit for his fairness.

That's the spirit and that's one of the reasons Mac is so well liked around here.

Merton says a doe deer had hardly passed him before there was a barrage of shots at it.

That's some sportsmanship (?).

A person who will shoot a doe deserves the contempt of the people.

Mrs. Cassidy—"have you a spare room? Then please, oh, please let us use it."

Her sincere effort to provide sleeping places for people helped many a party out Saturday night.

Restaurants had to close doors while they fed those at the tables and let others in whenever there was room.

And there was food shortage and help shortage too.

Thanksgiving the 26th—back to the old date.

There's much to be thankful for.

And don't forget to thank the boys in the service who are laying down their lives for US.

## To Honor Men Leaving For Army

At the USO party to be given tonight (Thursday) two groups of men will be honored. The group that are already in the Army and will leave Friday night for Camp Custer, and those who will leave Nov. 23rd for the induction center to take their examinations; those passing will then have their furlough and leave later for Camp Custer.

The men who leave for Camp Custer Friday night are as follows:

Edward E. Wehnes—Eldorado; George Cholo—Beaver Creek; Leo R. Skinner and Lile E. Johnson—Grayling. And transferred here from Saginaw are Clayton E. Budd—Grayling and Donald F. Corwin—Grayling.

The men leaving for the Induction Station the 23rd are:

George Richard Wakeley, Winifred Lyle Baldwin, Charles Peter Kellogg, Einar Tahvonen, Anthony Bernard Green, Charles Louis Peese and Manley Albert Green—Grayling; George Johnson—Frederic; Ezra Penscola—Eldorado; and Jack Lionel McClain—Ypsilanti.

## Mrs. H. A. Bauman

### Passed Away

FUNERAL SERVICES HELD WEDNESDAY.

Mrs. Henry A. Bauman passed away at Grayling Mercy Hospital at about 1:00 o'clock Sunday afternoon. Funeral services were held from the family home Wednesday afternoon, with interment in Elmwood cemetery.

Matilda Hanson Bauman was born in Manistee, Michigan, August 2nd, 1868. She came to Grayling at the age of twelve in 1880. She was a member of the first graduating class of Grayling high school, and after her graduation attended Hillsdale college. She was married to Henry A. Bauman of Muskegon, Mich., June 27th, 1892. To this union there was born three children, Miss Margrethe Bauman at home, Mrs. Walter H. Woodson Jr. (Grace) of Salisbury, N. C. and Mrs. Helen Bauman Routier of Detroit. Two grandchildren survive her, Private Ralph Hanson Routier in the army and stationed at Camp Robinson, Ark., and Miss Grace Matilda Woodson, Salisbury, N. C., her mother Mrs. Rasmus Hanson, age 97, sister Mrs. Margrethe Hanson Graham, three brothers Thorwald W. Hanson, Esbern K. Hanson, Oscar W. Hanson also survive her. She was a charter member of the Order of Eastern Star, also a lifelong member of Goodfellowship Club and a member of the Methodist Church board.

It is difficult to realize that Mrs. Bauman has passed out of this life. For over 60 years she had been identified with Grayling affairs. Beginning with her young girlhood days right up to the present time her interests had been in her family circle and in her home community. Her quiet, dignified manner and lovable womanhood won for her a circle of friends of whom anyone could well be proud. She loved nature, and flowers were a part of her daily living. She loved the better things in life. Hers was an ideal motherhood.

Her generosity to every sort of varied charities, from help to the needy, assistance to churches, organizations and individuals was given without "the left hand knowing what the right hand doeth."

Grayling people have lost a sincere friend, and their sympathies go out to the family circle.

Those from out of town in attendance at the funeral were as follows:

Mrs. C. C. Wescott, Mr. Holger Hanson, Ypsilanti, Mr. Harvey Woodfield Jackson, Mrs. H. W. Wolff, New York, N. Y., Mrs. Harold Cliff, Mr. Olaf Michelson, Detroit, Mrs. Henry Wilcox, South Bend, Ind., and Mrs. Richard Snyder, Saginaw.

### Funeral Services Wednesday.

The funeral services were held from the home at 2:30 o'clock Wednesday afternoon. A confounding of flowers showed tokens of esteem from scores of friends.

Rev. H. W. Kuhlman, pastor of Michelson Memorial church, officiated. He used the Episcopalian burial service. Mrs. Clippert accompanied Mrs. Roy O. Milnes when she sang "This is My Task." The pallbearers were John Bruun, J. F. Smith, A. J. Joseph, Dr. C. G. Clippert, Roy O. Milnes, Wilhelm Raag, Carl W. Johnson and T. P. Peterson.

## War

## and for Buckskin

To prevent waste of a single one of the 50,000 deer hides that may be taken in Michigan this month the conservation department is advising hunters how to get them in good condition. After careful skinning the hide is split with two or three handfuls of coarse salt, rolled in a tight bundle with hair side out, labelled with a shipping and sale permit tag obtained from the local conservation officer, and shipped promptly. Sale prices probably will cover only express charges, but the buckskin will release other leather for war uses. Hunters also are urged to save deer fat for explosives manufacture.

## Junior Play "O Promise Me"

THE JUNIOR PLAY IS SET FOR TUESDAY, NOVEMBER 24.

The Junior play, "Oh Promise Me" will be Tuesday, Nov. 24th at 8:00 p. m. in the high school auditorium. Reserved seats are on sale at Mac and Gidley Drug store. The play is being directed by Mrs. Marius Hanson. Following is the cast and story of the play:

### "Oh Promise Me" Junior Play, Class 1944.

Seth Miller, a lawyer—Bob Nelson.  
Furber, a butler—Freddy Smith.  
Barry Hollis, a young millionaire—Allan Stevenson.  
Mrs. Sue Hollis, his aunt—Mildred Smith.  
June Hollis, his sister—Billyann Clippert.  
Kathleen, the cook—Jeanne Hanson.  
Patsie Linden, a dancer—Ernestine Stephan.  
Mrs. Linden, her mother—Nelle Welsh.  
Gladys Vance, a dream girl—Jane Milnes.  
Ralph Saunders, a man with a purpose—Donald Sorenson.  
Mrs. Jones, a young mother—Patricia Chappell.

### Story of the Play.

As an inducement to laughter, we know of no finer play in recent seasons than this jolly, rollicking, swift-moving new farce by Pete Williams. Besides, a very full quota of hilarity, you will find also in this play apt characterizations, zesty dialogue, plausible situations, and a wealth of action, color and incident. Barry Hollis, at twenty-one, has just graduated from Princeton, thereby coming into the fortune left him in his late father's will. His youthful escapades have won him a reputation as a playboy, but he is resolved to settle down now and become a worthy member of the community. On the train back from Princeton he meets and falls immediately in love with Gladys Vance. He persuades his aunt, with whom he makes his home, to send Gladys a note inviting her for a visit. Another note goes to Patsie Linden, a hard-boiled little dancer and old flame of Barry's asking her to send back his frat pin. Alas, the notes get mixed! Patsie arrives with her mother, an ex-burlesque queen, and threatens a breach of promise suit unless Barry marries her immediately. Then Barry has a bright idea; he couldn't possibly marry Patsie if he had a wife and family already. So he gets Ann Furber, the butler's daughter, to pretend to be his wife and to make it more convincing, he "borrows" a strange baby. Into this situation marches Gladys, the light of his life,

and Barry's in an awful pickle! He's got to convince Patsie he is married and Gladys he isn't married at the same time. From this point complication piles on complication with bewildering rapidity—with a surprise on every page, and a laugh in every line.

The climax comes when Barry is arrested for kidnapping the baby. Then, to top this, he is informed that his estate has dwindled to almost nothing, and all his girl friends desert him—that is, all except one. Who she is we won't divulge her, but she helps bring the play to a surprising finish amid a whirlwind of laughter.

## McDonald Withdraws Petition For Dam

The hearing that was scheduled for last week Friday between the County Board of supervisors and R. B. McDonald at the court house to act on the petition by Mr. McDonald for the privilege of constructing a dam across the Au Sable river was a short duration. Mr. McDonald withdrew his petition and accordingly the matter was closed.

The McDonald property is located on an island in the main stream of the Au Sable river at the mouth of the North Branch river. The intended dam was across the main stream from the south edge of the island, and was for the purpose of furnishing hydro electric power and lights for the McDonald property. Mr. McDonald had already spent several thousand dollars and no doubt was greatly disappointed in having to give up the plan.

The large protest against harnessing the river at that point came from the Grayling Sportsmen club, river guides and resort owners along the river. Also the Michigan Sportsmen club officials and scores of others were interested in the proposed dam, mostly to oppose its construction. It was the belief that should permission be granted the McDonald dam be granted that there would be scores of similar dams built along the river and that they would interfere with the free passage of fish up the stream, and also add inconveniences for canoeists traversing the stream.

Naturally the men who used the river for a livelihood were opposed to the dam. Mr. McDonald realizing that should he proceed with construction of the dam that it would cause considerable unfriendly feeling, so decided that he intended to make his home here and that it was his wish to gain friends and not to gain enemies. Since locating on the river he has formed many acquaintances and is held in high esteem with everyone and he says he was willing to make any reasonable sacrifice rather than mar these pleasant relations.

## Road Com. Gets \$9,047 Weight Tax Fund

Apportionments of \$4,206,834.81 in automobile weight taxes for the third quarter of 1942 were submitted by State Highway Commissioner G. Donald Kennedy to the Auditor General Vernon J. Brown this week for disbursement to county road commissions.

Collections are disbursed on a formula provided for by State law which requires that seven-eighths of the amount collected by each county, plus one eighty-third of the remaining one-eighth collected in the State be returned to individual counties. None of the money is retained by the Highway Department. The funds are now subject to action by the Auditor General.

The apportionment due Crawford County is \$9,047.59.

## Womans Club

The club was entertained by Miss Eileen LaFave and Miss Reilly at the home of Mrs. Holger Hanson Monday evening. Following the business session, Mrs. Esberr Olson spoke to the club on "The Why of Rationing," which was very enlightening.

## How Many War Savings Stamps have You Bought This Month?

The month is nearly gone and sales aren't what they should be. Won't you please buy at least one ten cent or 25 cent stamp every day from now on?

Don't consider this just a duty, but feel that it is a patriotic duty as well.

And one that you owe to our boys who are doing the fighting for us across the seas.

Buy as many stamps as you possibly can every day.

Erosion Wastes Gigantic  
Erosion has laid waste more farmland in the United States than the total arable land in all Japan, according to government statistics. More than 21 million acres have been destroyed.

## Stands 4th In Scrap Drive Record

ONLY 3 OTHER COUNTIES HAD LARGER PER CAPITA.

Crawford county has again chalked up another record that is greatly to the credit of our people and to our war effort. The scrap drive recently finished, according to Harold (Spike) MacNeven, chairman, shows that the amount of scrap accumulated amounted to 219 pounds per capita. Out of a population of 3300 men, women and children, each contributed an average of that amount.

That isn't the best record made in Michigan but when one considers that our county stood 4th out of Michigan's 83 counties, we've got a right to be proud of our efforts. Cooperation by our officers and school staff and pupils and a lot of hard work is what has put this over, and is quite in-keeping with all our war efforts.

A handsome large pennant has been awarded Crawford county for its patriotic efforts. This too, we understand, will share a place on the court yard flag pole.

It is interesting to compare Crawford county's record in the scrap drive with those counties that are nearest neighbors. Kalamazoo county's scrap drive amounted to 184 pounds per capita; Oscoda, 109; Otsego, 123 and Roscommon, 145 pounds.

Ingham county stood highest with 300 pounds per capita; Wayne 2nd with 242 pounds and Lenawee 3rd with 221 pounds. A portion of unused railroad iron that was promised us didn't come in, because of lack of time to take it up. Otherwise, it is very certain, our county would have stood in first place. Anyway, we all are glad to have been able to contribute as much as we did in the interest of winning the war.

This flag that Crawford county has received through its Scrap Drive chairman Harold MacNeven is being turned over to Supt. Frank Bond. Some time in the near future a half day vacation is to be declared for all schools in the county when they will come to Grayling in donated cars for a massed assembly and the E flag will be awarded to them for their fine efforts in the scrap drive. The Scrap Drive committee feel that the school children are responsible for the County's fine showing and that they should be rewarded. The afternoon that the school pupils are in town a free show will be put on at the Rialto theatre for their pleasure.

(NOTE—Our stamp sales committee reports that this month's quota is lagging. Let's give this a boost by buying stamps every day, and thus keep up our record of patriotic and loyal war service.)

## Caution!

There is machine gun firing going on, on the old artillery range, north of Bald Knob, at the Military reservation. So hunters and others who go in, that direction are asked to use precaution. Look for the red flags and where the roads are marked "closed."

## Deer Hunting Notes

William Granger of Beaver Creek reports that their guests Richard Horn got his buck by 8 o'clock Sunday morning and Ernest Evans Monday forenoon. Both men are from Wyandotte.

Archie Brown of Grayling was one of the lucky hunters to get his buck early Sunday forenoon. Just a nice four pointer.

Alfred Hermann of Grand Rapids got his buck the first day as usual.

Does are protected, yet Conservation Officer Lewis Dorman says they picked up about 20 dead ones.

Good tracking snow the first day—about 4 inches—but it was well gone by Monday afternoon. Bare ground since.

And weather too warm to hold deer very long.

That sent many successful hunters home earlier than usual.

By the looks of the dead deer on autos in and passing through town, the slaughter must be heavy.

No matter what, others may think, we believe there were more deer hunters in Grayling this season than ever before.

Every hotel and rooming house and scores of private homes were filled to capacity.

Streets were so crowded nights that both sides of down-town streets, diagonal parked cars in the center, were jammed with parked cars. And this condition spread out to all side streets. The jam was slightly smaller by Tuesday and Wednesday nights, but there are still many hunters in this area.

Lots of loud talking on the streets until the wee hours of the morning.

Merchants were taxed to the limits to wait upon the trade. Many stocks were wiped out.

Eating places just couldn't give their usual prompt service. To make things worse, efficient help was almost impossible to get.

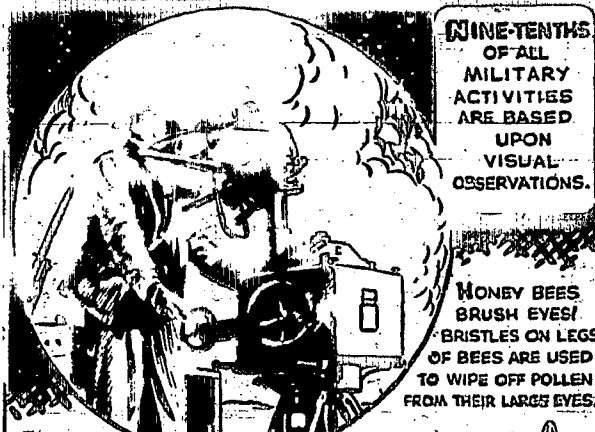

Food stores too, were drained almost to the limits.

Bread too was a scarce article by Monday morning.

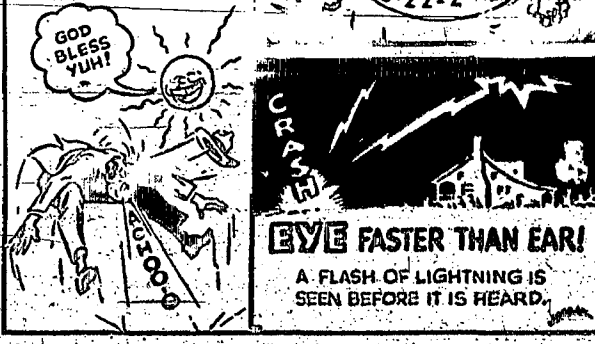

Burrows Market was well filled with deer the first day. From the vicinity of Smith bridge there were brot in 12 deer and a cub bear.

Office department is making  
 strenuous efforts to avoid such a  
 terrific jam as it faced in 1919  
 during the first World War. So  
 Postmaster James McDonald ur-  
 ges that you do your Christmas  
 mailing early.

Thousands of our soldiers,  
 sailors, marines and civilian  
 friends are not to be disappoint-

## COUPLE MARRIED AT VAN- AMBERG HOME.

Miss Marjorie Sava and Mr.  
 Dewain Wainwright were united  
 in marriage at the home of the  
 groom's aunt and uncle, Mr. and  
 Mrs. Clarence VanAmberg, Sat-  
 urday evening, Nov. 14. Rev. F. D.  
 Barnes performed the ceremony at  
 7:00 o'clock and Mr. and Mrs.  
 H. M. King attended the couple.  
 For her wedding the bride wore  
 a navy blue street length dress  
 and brown accessories.

There were about 25 guests  
 among whom were Franklin Geis-  
 ter, Mr. and Mrs. John Bukow-  
 iac, Mrs. McEvers, Ed. Wain-  
 wright, Miss Betty Cantwell and  
 Clifford Peters.

The couple received many nice  
 gifts.

## The Weather

Well, the hunters had a little  
 tracking snow the first of the sea-  
 son but they are out of luck now.  
 The middle of the week was  
 beautiful with Wednesday tem-  
 perature as low as 28. This is  
 the kind of weather that saves  
 fuel for us so let's hope that it  
 stays this way for a while yet.

## Busy Road

## City Council Proceedings

Regular meeting, 3rd Nov. 1942.  
 Meeting called to order by Ma-  
 yor Geo. Burke.

Minutes of last meeting read  
 and approved.  
 Councilmen present: Burke,  
 Sales, Milnes, Burns. Absent:  
 Carlson.

Mr. Howell and Mr. Ward of  
 the C. A. A. were present. Also  
 Mr. Stevens of the Michigan Aer-  
 onautical Division.

Moved by Burns, supported by  
 Sales, that the offer of the C. A. A.  
 as set forth in their letter of  
 October 25, 1942 and as presented  
 by Mr. Howell of the C. A. A. be  
 declined because of the inability  
 of the city to meet the financial  
 requirements embodied in the offer.

Yea: Burns, Sales, Burke, Mil-  
 nes. Absent: Carlson. Nay:  
 None.

Moved by Sales, supported by  
 Burke, that the following resolu-  
 tion be adopted.

WHEREAS the War Department  
 of the United States, through Mr.  
 Leonard Birch, has requested the  
 City to grant it an option to pur-  
 chase the land owned by the City  
 within the area of Grayling Air-  
 port, and

WHEREAS it is the opinion of  
 this Council that it is for the best  
 interests of the City and of the  
 nation to grant such an option,

now therefore be it  
 RESOLVED that the City does  
 hereby grant an option to the War  
 Department of the United States  
 to purchase said land for the sum  
 of \$1500.00, said option to ex-  
 tend for a period of six months  
 and be it further

RESOLVED that the Mayor and  
 City Clerk be and they are here-  
 by authorized to sign such option  
 on behalf of the City, and be it  
 further

RESOLVED that in the event of  
 a sale of said land pursuant to  
 said option, the Mayor and City  
 Clerk are hereby authorized to  
 execute a conveyance of said  
 land as instructed by the War  
 Department.

Yea: Sales, Burke, Burns, Mil-  
 nes. Absent: Carlson. Nay:  
 None.

Moved and supported that  
 meeting be adjourned. Motion  
 carried.

George Granger,  
 City Clerk.

## PUNCHES CLOCK AGAIN..FOR BOY IN JAP PRISON

Retired machinist back  
 in harness puts 20%  
 in War Bonds

Oscar used to be a first-class  
 machinist. Five years ago he re-  
 tired to live out the rest of his life  
 on a pension.

The other morning he showed up  
 again at his old plant, which now  
 makes war equipment, and asked  
 for his old job back. When payday  
 came, he signed up with the Pay-  
 roll Savings Plan to put 20% of  
 his pay in War Bonds.

Seems Oscar's boy was on  
 Bataan.

**The Most You Can Save  
 Is the Least You Can**

With people like Oscar making  
 real sacrifices to help win the war,  
 is it too much for you to put aside  
 as little as 10% of your pay for  
 War Bonds?

Removing Calcimine From Wall  
 Calcimine can generally be re-  
 moved from a plaster wall by soak-  
 ing with warm water. Should this  
 prove difficult, one of the new wall  
 paper removers which contains a  
 wetting agent, penetrates quickly  
 and will not affect finished wood  
 work—may be added to the water.

## Bengal Bay Deltas

Termed 'Remarkable'

Naval and air operations in the  
 Bay of Bengal have opened up a  
 new war theater which covers some  
 825,000 square miles, or an area  
 more than three times that of Tex-  
 as, according to the National Geo-  
 graphic society.

An arm of the Indian ocean, cut-  
 ting deeply into southern Asia be-  
 tween India and Burma, the Bay of  
 Bengal is formed in the rough out-  
 line of a pointed arch. It is about  
 1000 miles long and 1,300 miles  
 across, as measured at its broadest  
 stretch between the tip of India and  
 the Malay peninsula.

The Bay of Bengal washes the  
 shores of some of the world's most  
 thickly settled regions. The provin-  
 ces of Madras, Bengal and Bihar-  
 and-Orissa hold roughly 150,000,000  
 people, while the big island Crown  
 Colony of Ceylon adds another 6,000,  
 000. Embattled Burma has a popu-  
 lation estimated at close to 16,000,  
 000.

An outstanding feature of the Bay  
 of Bengal geography is its remark-  
 able delta lands, built up by such  
 large rivers as the Ganges, Brah-  
 maputra, and Mahanadi, on the In-  
 dian side, and the Irrawaddy in  
 Burma.

There are no good natural har-  
 bors along India's east coast, and  
 artificial ports have been construct-  
 ed. Burma's shoreline, on the other  
 hand, presents a number of ex-  
 cellent harbor sites, including those  
 at Tavoy, Moulmein and Akyab.

## Dogs Do Sentry Duty

At Munitions Plant

A German shepherd, a Norwegian  
 elkhound and a greyhound, the first  
 dogs to do sentry duty at a war  
 plant, now are on duty at a mun-  
 itions factory in the Hudson river  
 valley.

According to the plant officials,  
 they are acquiring themselves  
 beautifully, adding to the effective-  
 ness and the morale of the plant  
 watchmen. They have not as yet  
 had any occasion to give warning  
 of intruders but, the guards are  
 sure, will give prompt notice of any  
 spy or saboteur who might ap-  
 proach the fences which they are  
 patrolling.

Their assignment is regarded as  
 especially important for several  
 reasons. In the first place they  
 represent the fulfillment of the first  
 commission which the organization  
 received. For another thing the  
 dogs are serving as a memorial to  
 the late Herman E. Mellenhuth, not-  
 ed cocker spaniel breeder, since he  
 was the one who brought in the com-  
 mission for these dogs—one of the  
 last acts before his fatal illness.  
 Still another point is that these dogs  
 are the first turned out by amateur  
 trainers.

## Different Treasury Jobs

The secretary of the treasury and  
 the treasurer of the United States  
 are different officers of the govern-  
 ment. The secretary of the treas-  
 ury is the head of the treasury de-  
 partment and as such is a member  
 of the President's cabinet charged  
 by law with the management of the  
 national finances. The treasurer of  
 the United States is not a member  
 of the cabinet; he is an important  
 subordinate in the treasury depart-  
 ment charged with the receipt and  
 disbursement of public money de-  
 posited in the treasury at Washing-  
 ton and in the other depositories  
 authorized by the secretary of the  
 treasury to receive deposits of gov-  
 ernment funds for credit in the  
 treasurer's account. The office of  
 treasurer of the United States was  
 created by the act of September 2,  
 1789, and Samuel Meredith of Penn-  
 sylvania was the first man to fill  
 the office.

## Must Be Over 30 Years

Cork of commercial value is not  
 produced by trees less than 30 years  
 of age. Since it is strongly advised  
 that transplanting of saplings and  
 small trees not be attempted and  
 that direct seeding be practiced, it  
 is impossible to bring an acreage  
 into production in less than 30 years.  
 The first stripping bark takes place  
 when the tree is about 20 years old.  
 This virgin bark or maschalage is  
 rough and coarse and of little com-  
 mercial value. Its removal, how-  
 ever, stimulates the growth of cork  
 so that during the succeeding two  
 or three years a prodigious amount  
 of cork is produced. This growth  
 gradually decreases in rate until af-  
 ter about nine years scarcely any  
 further thickening of the bark is per-  
 ceptible, and at the end of that pe-  
 riod the second stripping takes place.  
 The second and all subsequent strip-  
 pings produce a bark of commercial  
 value.

## Does Jesus Have Such Power?

Let us not merely chuckle that  
 Jesus was able so effectively to meet  
 criticism. That is something. But  
 it is not the main thing. The main  
 thing is this, Jesus has power on  
 earth to forgive sins; to set alien  
 sinners right with God! That is big  
 news, so to speak. But millions  
 have not heard it or do not believe  
 it, and therefore are without God  
 and without hope in the world. How  
 can we escape unless we tell them  
 of this Saviour? And the class we  
 teach—are all the members aware  
 that Jesus can make a tone-ment  
 for them with God? Do we labor  
 to make clear each theological or  
 doctrinal point and miss this, that  
 Jesus alone can save us from our  
 sins?

The  
 Duke  
 of  
 Paducah  
 Sez:

WHEN I GOT to my Draft  
 Board I thought they were welcom-  
 ing me with a twenty piece brass  
 band. But it was just a General  
 wearing all his medals. They've  
 re-classified me. I'm now in Class  
 2X. They take me right after they  
 dig up and enlist Old Man Mose. I  
 said, "I've had lots of experience  
 shooting off my mouth." They  
 said, "There's a big difference be-  
 tween drilling and drooling!" My  
 brother wasn't at all surprised when  
 his number was called. He's ac-  
 customed to having his name  
 changed to a number. The Draft  
 Board was just filled with big,  
 tough, soldiers. I made a mistake  
 in going in with a pink rose over  
 my ear—the doctor tells me. But  
 I'm glad our soldiers are so big and  
 tough. If you've ever milked a cow,  
 you know that one good YANK is  
 better than a hundred little JERKS.  
 Well, anyhow, we are going to keep  
 on buying bonds and help  
 Uncle Sam roll up his sleeve  
 with our roll. I'm going back  
 to the wagon. These shoes  
 are killin' me!

## Over the Top by New Year's Is the Plea of Secretary Morgenthau

November 13, 1942

As of today twenty-one million American workers are investing eight per cent of their salary—every pay day—in United States War Savings Bonds. This is a very remarkable tribute to our armed forces who are fighting this war. But this job is only two-thirds accomplished.

There are nine million additional American workers who are not investing in War Bonds every pay day.

This appeal is directed to two groups of Americans:

First—the twenty-one million people who are investing eight per cent of their wages. We ask them to increase their investment to ten per cent or more.

Second—the other nine million whom we ask to join the Payroll Savings Plan and to invest ten per cent or more of their earnings.

It is our earnest hope here at the Treasury Department that by New Year's Day thirty million Americans will be investing ten per cent or more of their wages in War Bonds through the Payroll Savings Plan.

Harry Morgenthau Jr.  
SECRETARY OF THE TREASURY

This man is not dead. He is just sleeping. And sleeping a little more soundly, perhaps, because there are still many Americans who are not putting at least 10% of their pay into War Bonds on a regular Payroll Savings Plan. How about you joining a lot of other fellows in giving the little paperhanger a rude awakening? How about you signing up with a Payroll Savings Plan today... to the tune of not 6%, or 7% or 8%, but 10% and more if you can? LET'S TOP THAT 10% BY NEW YEAR'S.

### WHAT YOU SHOULD DO:

If you are...  
1. Already investing 10% of your pay in War Bonds through the Payroll

Savings Plan—boost that 10% if you can.

2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.

3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.

4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank, or wherever Bonds are sold. They will be glad to help you start a Plan of your own.

## Letters from Camp

Hawaii,  
Oct. 18, 1942.

Dear Dad and Ruth:

I received your letter and was sure glad to hear from you. I also got a letter from Eveline, so now I have two to answer. Everything here is just about the same and we are getting along fine. Today is Sunday, and we are going to have another one of those parties. I wish you were here to see how it's done.

Today we are going to have a two hundred pound pig besides chicken cooked in coconut milk. On yes, there will be around 20 cases of beer.

Your last letter was very interesting and I enjoyed it very much. You ask me what I wanted for Christmas. Well folks you don't need to send me anything, but if you must then I'll leave it up to you. By the way things look around here I don't think a soldier will have any chance of sending presents home for Christmas, because they will be hard to get. You know when all the soldiers start buying presents, well they won't last long.

I suppose hunting season is well under way by now. There are plenty of pheasants on the island, we see them every day or two, but we don't have any chance to hunt for them. Did I ever tell you there aren't any snakes on these islands? The natives have never seen but a few snakes, and I think they are afraid of them.

You also ask what Corporal Tech. meant. Well, it's nearly the same as Corporal, but Corporal Tech. can't boss the men around but he gets the same pay as a Corporal, in other words, Corporal Tech. means "Technician fifth grade."

You said something about a picture book. Well folks; it would be pretty hard for me to make a book and send it home because all the pictures must be colored and if some of the pictures weren't just right they might keep the whole book. But I will send you some pictures, as soon as I get them and you can put them in a book yourself.

Yes, I got the papers telling about the airport. That should be a nice place when they get it done. Maybe you and dad can take a ride some day. I know dad likes to fly, ha, ha. Ask him how would he like to take a ride with some of our army fighters.

We have three dogs in the company, and all the boys like them.

Well folks, I've ran out of news so I'll close. Write as soon as possible; I'll be looking for a letter. I'm sending a few pictures but they aren't very good.

Fort Knox, Kentucky,

Dear Sir:

Sorry that I have not written before thanking you for your fine effort in getting me the news of my home town, which I am very fond of. We are so busy down here that I hardly have time to write to my friends. We work from twelve to sixteen hours a day, and they say that twenty-four a day belongs to Uncle Sam, and that proves out to be very much of the time. We have thirteen weeks to train in and nothing stops us. I can recall many a day when we would drill all day in the rain.

One day we marched from ten

to twenty miles to an over night camp. It had rained all day and we were wet, that is, our feet and legs, for our rain coats protected our bodies. We had one blanket to sleep on the wet, cold ground. It was a very cold Oct. night, we couldn't sleep for we were wet and cold. We couldn't have a fire for we were drilling for war. We broke camp at 2:00 a. m., dark and still cold, we stumbled up to the chow truck.

Having only one half cup of coffee we started back to camp. Raining again, as we mumbled to ourselves, walked to camp, that is back to Fort Knox, that same day. We got in by noon and changed clothes and without dinner went to the rifle range which was five miles away. The reason we had no chow was that the chow truck got stuck in the mud, and all equipment was in them, so they had nothing to cook our dinner with. The company commander said it was good training anyway, so with light 2:00 a. m. lunch and no dinner we certainly did eat our supper, with no complaints about food for a change.

Yes, Mr. Schumann we modern soldiers can take it, as well as the old vets. We are hard and think fast. We are highly trained and developed, and we are ready for any ten Japs that so much as looks at us. We are ready to drive the Japs back to their kingdom of hell, so that we may live the way we choose.

Down here we are taught to fight like the Japs. Yes, I mean dirty, or better yet call it filthy. It sounds more suitable. We as soldiers of the United States cannot treat mad dogs with pen and ink, so we train so that we may be equal or better to the highest trained German or Jap. This way we can assure the American people that as long as one soldier of the United States Army can fight, that they shall have their America. Before I close, I wish to make one statement; when I was in civilian life I thought that the flag was more or less of a decoration. Now as I look at the flag I see more than this; I see history and the history to come; through this flag I can visualize the very existence of the U. S.

Well enough of this, for with our instructors driving so many things in our heads, we have to get our sleep so that we may be able to keep mentally alert and get everything that is instructed.

Yours truly,

Ray Andrus.

P. S. Thanks again for your very fine paper. It sort of makes one lonesome once in a while, but we will have to get used to that.

To Mrs. Clarence Ingalls:

Dear Friend:

Just a few lines to let you know I am still kicking, and also being kicked again, as you see by the address. Yes, I finished my training and was assigned to this outfit. It's a brand new one, when I got here 2 weeks ago there were about 80 men in 3 companies. We all eat together, but we got a few new ones since, and getting some more. It's a military police battalion. Boy, I'd like to be out there hunting now days. You know Grayling was a good town after all. You know they have different kinds of hunting, and here we only have one thing to hunt. Tell old Glen Smith hello for me, also some that I know if you see them. Is Jess Warner

Camp Shelby, Miss.

Mr. O. P. Schumann,

Grayling, Mich.

Dear Sir:

My present address is:  
900th Ordinance H. M. Company  
(Q) the Q stands for former  
Quartermaster. H. M. denotes  
Heavy Maintenance.

This is just a change over from the Q. M. to Ordnance.

We are still very busy and I don't find much time to write.

On the week ends I go to New Orleans, Mobile, Ala., or Jackson, Miss. and so far I haven't met a familiar face from home. Its strange how we all separated.

The water is just fine for swimming, although I think I would rather be up north, making snow balls. The nights become quite cold here at times.

So here to an early Victory.

Sincerely,

Pfc. Clarence Czykyski.
